Thanks Sean. We went to zoo, then headed to wasilla to see willow and bristol- now found out the flt's two hours late tonight.

I appreciate the offer! These are long travel days, as you know- and I can't remember when the last time I had an on-time flight. Thanks!

You, Todd and Piper are welcome to come to our place to warm up, hang out, or whatever you need til plane time tonight. It's close to the airport (directions below).

We have a dinner to be at at 5:30. We can visit ahead of that and you are welcome to stay thereafter at our place til plane time. (Literally a five minute drive to the airport). Just call me if you start to head our way. We'd love to see all of you in a relaxed setting (Rachel too) but no pressure whatsoever.

Sean

From Zoo-directions

Follow O'Malley west/downhill and stay on it as Minnesota to ChangePoint exit (Raspberry Road). Left on Raspberry. Take Raspberry to Jewel Lake Rd. Right on Jewel Lake. Take first left on Lakeway Dr. Go into Lakewood townhomes and turn left. 6624 Lakeway Dr.

Dear Sarah.

I thought you would want to know, since you've had a good working relationship for many years (and he adores you) with burt, that his wife passed away yesterday Oct 24.

He is taking her death very hard. Celia is being cremated. There will be a Memorial Service at St Davids, but date is not yet established.

Take care, keep up the good work - we all root for you! Merlyn Matheson

Thanks Randy - this is helpful. Tonight's return flt to Juneau is delayed by a couple of hours at least. Hopefully it makes it in tonight, if not I'll try an early flt tomorrow - so know that if I'm delayed it's because of the flight after our deployment exercise today in Anchorage. Thanks

Subject: 11:00 am meeting with 4 mayors re: operating budget for ferry system

Governor:

Sorry to bother you on a Sunday. I just wanted to give you a quick brief background that may be helpful for the meeting tomorrow at 11:00 am. The four mayors are Cottle (Valdez); Joyce (Cordova); Lunceford (Whittier); and Shields (Haines).

There are two issues the mayors are likely to bring up:

(1) Reduced ferry service this year for Prince William Sound. For a number of reasons, budget savings (Kennecott) and vessels being out of service for months due to major repairs (Aurora) or only being available for limited service due to safety and maintenance concerns (Fast-ferry Chenega) There has been significantly reduced service in Prince William Sound. DOT has worked with the mayors and the communities to try and come up with the best possible schedule under the circumstances using the Tustemena.

(2) Urging you to support and include a significant increase in funding (I am not sure exactly what dollar number they have in mind) for the ferry system in your proposed FY 2009 operating budget. (The mayors believe if they can get you to support increased funding for the ferry system in your proposed budget, it will be easier for them to convince legislators to approve the funding increase, and it will protect the funding increase from being reduced by a governors' veto after the budget passes).

Privileged or Personal Material Redacted

Privileged or Personal Material Redacted

Right now, I believe Mike, Commissioner Von Scheben, Deputy Commissioner Hardy, and Captain Falvey are also planning on attending the meeting.

Please let me know if you would like to see additional budget information, etc.

Thanks

Randy

Mike,

Thanks for the follow up. I am willing to serve Governor Palin in any capacity. Specifically, if you move one of your special assistants to the legislative office I would happily fill the void as special assistant-at my current range. I wouldn't ask you for a raise because I know you and Governor Palin have tasked agencies with finding areas to reduce their budgets and the Governor's office must lead by example. Also, working for Governor Palin is not about making a certain salary for me; I stand ready to serve her because I believe in her.

Also, if you thought I were up to the task I would serve Russ as the deputy legislative director. I won't repeat what I already mentioned in my previous email except to say I have a positive relationship with lyda and am familiar with legislative protocol. I have served in technical support positions throughout my professional career and would catch on quickly to assisting Russ. I think spreadsheets, following bills, and talking to agencies and legislators stays the same in every job, but there is a natural transition period of delegating tasks and getting to know your co-workers that changes from position to position. Further, I have the time to commit to a position with demanding hours and job duties.

Every time I write you I am reminded of a story you told me during the campaign. You knew you could be the legislative director and you flew down to Juneau on your own dime to prove to the former cos that you were up to the challenge. You probably regret telling me that story, but for better or worse, it inspires me.

Thank you,

Ivy

Mike,

Seeing you and Governor Palin yesterday was wonderful. My visit reaffirmed for me my eagerness to return working directly for Governor Palin. I enjoy Annette; however, I know I won't be content until I'm fulfilling my purpose which is working for Governor Palin. I will serve you both enthusiastically and resolutely. I am loyal and I work hard and I personally know and care for the Governor and her family. Through our conversations, I know you don't doubt my unwavering commitment to Governor Palin; however, I know you have questions regarding my professional experience.

Let me assure you, I understand the Legislature and have a positive relationship with their members, and I understand legislation as I was an aide for the HESS and LB&A committees for three years, as well as assisted Ginger Blaisdell with 60 districts worth of capital project requests. More important, I have a positive relationship with Senator Green, my former boss and current Senate President, in spite of philosophical differences. I believe my relationship with Senator Green speaks volumes of my respect, professional demeanor, and diplomacy in dealing with our State Legislature. I understand the way agencies operate and I have a positive and professional relationship with other special assistants and commissioners—I'm willing to reach out and ask questions and address issues. I also know protocol and procedure in requesting or submitting information to the Legislature or State agencies (for instance, I can draft up a fiscal note in no time at all). My college background and professional experience centered on public policy—collectively, this is 8 years of experience, which is comparable to others serving in Juneau.

How can you be sure a policy position would be the right fit for me? I have a working knowledge of the Legislature and State agencies; I have a respectful and positive relationship with elected and appointed officials, and community leaders; I enjoy finding resolution for constituents; I can communicate verbally and in writing; I will put in any amount of time you need—7 days a week; I will not add to your workload, and in fact I know I can assist you, the legislative office, and other staff; I am steadfastly loyal to and fiercely protective of Governor Palin, which does not mean to say I won't go through the proper chains of command to relay information to her (you, Mike Nizich, Kris Perry).

I believe my passion and understanding for the job, knowing the high standard you expect from your staff, and being familiar and well acquainted with you and Governor Palin uniquely qualify me for a position on Governor Palin's staff.

I respectfully ask for your favorable consideration as you're filling positions on Governor Palin's staff. I would be happy to articulate this and anything else in person—I'm prepared to answer any specific questions you have. Please seriously consider my request. I'd be happy to come over this week.

Thank you,

Governor,

Forwarded is an email I sent to Mike earlier this week to which he responded (that email is to follow).

I would like to rejoin your team. I joined your campaign because I believe in you and the good work you're doing. Admin is not the right fit for me, by no fault of Annette's-she's wonderful. I hope you read favorably my email to Mike. I also sent it to Kris Perry.

Sincerely,

Ivy

Subject: The week ahead

The men and women taking off with the Air Guard to Afghanistan tonight are C130 pilots and maintenance crew. They fly the C130s in the mountains of Afghanistan and drop supplies in the valleys to the Army guys on the ground looking for Bin Laden. Most have done this 1 or 2 times, about 60 day rotations. Good group of about 20.

Next, after the Chamber talk tomorrow I head to Kotzebue at around 6 p.m. with Jay P. I'm looking for a thumbs up from you tomorrow (or not) on the Kivalina disaster declaration--if you approve, I think I'll be at a place where I can inform KivalinaTuesday that you will approve the disaster declaration for them, slightly modified from the Borough's request but that help is on the way. Mike T. and I have been in touch over the last two or three days so he should put that on your radar tomorrow. We'll overnight in Kotzebue Monday before going out to Noatak and Kivalina on Tuesday.

Hope they close your hatch soon and get you off the ground! It was good seeing Todd and Piper with you today too!!

Sean
